## HOUSE OF CHAMPIONS

The House of Champions provides an after school, family-like environment for children in grades 2-4. Each year, we welcome 8 children from Metro Catholic School and Urban Community School. Upon completion of our second house this fall, 24 children will be part of our program each year. Our goal is to provide a nurturing and safe setting where children have opportunities to learn life skills which give them the confidence to succeed. We focus on strengthening academic achievement, practicing communication techniques, and learning respectful and appropriate social skills. Families receive support and assistance in guiding their children to reach their full potential, and ultimately become independent and productive members of society.
